

Registration Information Carbon Footprint of Products (CFP)

1.Product information

1.1	Registration number	CR-EA02-16001	1.7	Product photo
1.2	Registration name	CITIZEN L (bezel type)		
1.3	Main specifications of product	● Case size : 29.8~30.2mm		
		● Materials of watch case/ bracelet : Stainless steel		
		● Crystal : Sapphire Crystal		
		● Movement : Eco-Drive, continues running - even in total darkness - for approximately 7 month		
		● Water resistant : 5 bars		
	● Accuracy : ±15sec/months			
1.4	CFP quantification unit	Per unit product		
1.5	CFP release date	2016.3.17		

2.CFP quantification results, and contents of CFP declration

2.1	CFP quantification results	8.4	kg-CO2e	(CFP quantification results can be slightly different from sum of the following breakdown for rounding of fractions.)
Breakdown (by life cycle stage, by process, by flow, etc.)				
2.2	Raw material acquisition stage	8.3	kg-CO2e	
	Production stage	0.089	kg-CO2e	
	Distribution stage	0.082	kg-CO2e	
	Use & maintenance stage	0	kg-CO2e	
	Disposal & recycling stage	0.012	kg-CO2e	
Value and description of additional info				
2.3	Value to be stated on the mark	8.4 kg	Value on CFP mark	
			Per unit product	
2.3	Contents of additional info.	<ul style="list-style-type: none"> ■ Raw material acquisition stage ■ Production stage ■ Distribution stage ■ Use & maintenance stage ■ Disposal & recycling stage 		
2.4	Remarks			

3.Program information

3.1	Program name	Carbon Footprint Communication Program
3.2	Program operator	Japan Environmental Management Association for Industry
3.3	Adress of operator	2-1, Kajicho 2-chome, Chiyoda-ku, Tokyo 101-0044
